

GTAP Consortium Activity Report
June, 2011

Advisory Board - Member at Large

Dr. Mark Horridge
Monash University
Centre of Policy Studies and Impact Project
Clayton, Australia

Activities have been

- With Ken Pearson, improved the Systematic Sensitivity (SSA) features in RunGTAP
- Incremental improvements to TASTE; more to come
- Extended the framework of SplitCom to include command-line facilities SplitReg (add new region) and GTAPAdjust (rebalance or alter GTAP data)
- Made available TABLO code to disaggregate quantity results from one or more GTAP regions into sub-regions
