

Thailand

Tosapol Apaitan

1. Data Source

2005 Input-Output Table of Thailand from the Office of the National Economic and Social Development Board (NESDB – www.nesdb.go.th/Default.aspx?tabid=97)

2. Description

- **Reference Year:** 2005
- **Units:** Million Baht

The units of the original table are thousand Baht but the data in the submitted table is transformed to million baht. The average Baht/US\$ exchange rate in 2005 is 40.27 Baht/\$ (Bank of Thailand).

- **Commodity by Commodity:** Yes

The NESDB mentions that the survey is made on ‘Activity by Activity’ basis and can be used interchangeably for ‘Industry by Industry,’ ‘Industry by Commodity’ and ‘Commodity by Commodity’ since each sector produces only one commodity.

- **Valuation:** Producers’ prices which can be separated to Domestic and Import transactions

Thailand I-O table comes with 5 matrices: PURCHASER, WHOLESALE, RETAIL, TRANSPORT and IMPORT. Hence, to make a PRODUCER matrix, we can subtract WHOLESALE, RETAIL and TRANSPORT from PURCHASER.

- **Structure:** Initially 180x180 sectors with 4 primary factors.

The table used in preparation of the database is 178x178 sectors of which sector [024- Agricultural Services] and [179- Other services] are eliminated (See section 5 for details).

2.1 Structure Overview (See Table 1 for detailed descriptions)

Thailand I-O table has 180x180 sectors with the classification similar to ISIC. There are 4 primary factors: [201 Wages and salaries], [202 Operating surplus], [203 Depreciation] and [204 Indirect taxes less subsidies]. The final demands consist of every standard final demand components. The import duty and import tax are separated from imports.

2.2 Ownership of Dwellings

Imputed rent from ownership of dwellings is included in sector [163-Real estate]

2.3 Mapping of Primary Factors (See Table 1 for detailed descriptions)

- [Labor] = [201 Wages and salaries]
- [Capital] = [202 Operating Surplus] + [203 Depreciation]
- No land data
- Despite its name, from the definition provided by NESDB, [204 indirect taxes less subsidies] in the Value-added section of the table is “Commodity sales tax,” NOT “Production tax.” See section 5 for the solution. This implies that there is no production tax data.

2.4 Mapping of Final Demands (See Table 1 for detailed descriptions)

- [Consumption] = [301 Private consumption expenditures]
- [Government] = [302 Government consumption expenditure]
- [Investment] = [303 Gross domestic fixed capital formation]
- [Inventories] = [304 Increase in stock]
- [Exports] = [305 Export] + [306 Special exports]

- [Commodity tax on domestic goods] = -[204 indirect taxes less subsidies] (see section 5 for solution)
- [Imports] = [401 Imports] + [404 Special imports]
- [Commodity tax on imports] = [402 Import duty]
- [Tariffs] = [403 Import tax]

2.5 Sectoral Classification and Mappings

See Tables 1 and 2 for details.

2.6 Other Problems/Inconsistencies

- Sector [024- Agricultural Services] is a set of activities relates to many other agricultural industries. This sector will be disaggregated and distributed to related sectors. See section 5 for the procedure.
- Flows are tax-inclusive. See section 5 for the solution.

3. Constraints

- Balance conditions satisfied
- 1 Problem in sign conditions:

There is a sector, [149-Railways], that has negative operating surplus in the reference year. Railway transportation in Thailand is operated by a state enterprise. It is in deficit for decades that is hard to imagine what its normal profit is. This sector is always subsidized by the government. However, when this sector is aggregated with others in the submitted table, the operating surplus turns out to be positive.

4. Dealing with Problems/Inconsistencies

Changes below are made to the initial table:

Eliminating sector [179- Other services]

Row and column of [179- Other services] are all zeros, simply delete them from the table.

Making of “Commodity sales tax” from [204 indirect taxes less subsidies]

We can transpose this row to column, change its sign to be negative and place it as a part of Final Demand (next to Export column).

Disaggregating sector [024- Agricultural Services]

Sector [024- Agricultural Services] is disaggregated and distributed to other sectors by the following steps:

- In each column, we distribute row 024 to other rows by applying its cost structure which is indicated in column 024. At this step, final demands remain the same since row 024 in final demands are all zeros. The total output changes due to the changes in intermediate flows.

$$new_x_{i,j} = x_{i,j} + x_{024,j} * \frac{x_{i,024}}{X_{024}^S}$$

$$new_x_{024,j} = 0$$

- Replace the total input with the changed total output in step A.

$$new_Q_j^S = new_Q_i^D$$

- Update the value-added section to match the changed total input in step B by distributing column 024 of value-added to other columns with the proportions of changes those are made to the total input.

$$new_V_{m,j} = V_{m,j} + \frac{(new_Q_j^S - Q_j^S)}{Q_{024}^S} * V_{m,024}$$

$$new_V_{m,024} = 0$$

- Calculate the new total intermediate input by subtracting the new value-added in step C from the new total input in step B.

$$new_X_j^S = new_Q_j^S - \sum_m new_V_{m,j}$$

- At the IMPORT matrix, distribute column 024 to other columns by applying the proportion of sale structure of row 024.

$$new_x_imp_{i,j} = x_imp_{i,j} + \frac{x_prod_{024,j}}{X_prod_{024}^S} * x_imp_{i,024}$$

$$new_x_imp_{i,024} = 0$$

- Subtract the new IMPORT matrix from the PRODUCER matrix in step D.
- Apply RAS method to intermediate flows.
- Add up the balanced matrix in step G with the IMPORT matrix in step E. The result in this step is the balanced table with sector 024 distributed to other sectors. Row and column 024 are zeros.

Splitting Taxes, sectors aggregating and conversion to final format

Procedures follow exercise 5-7 of Horridge et al. (2008).

5. Deviations Between the Supplied Table and Those Required for GTAP Data Base

The submitted table has 51 sectors that meets the minimum requirement for GTAP (30 sectors) and mandatory splits condition. Sign constraints and balancing conditions are all satisfied.

Appendix

Table 1: Thailand I-O Table Classification

Sector	Name	Description
001	Paddy	This sector covers the combined the production of both glutinous and no glutinous paddy. The by-product is straw.
002	Maize	This sector covers the combined the production of fresh, dried and young maize includes by-product.
003	Other cereals	Production in this sector combines sorghum and barley includes by-product.
004	Cassava	The only product included in this sector is fresh cassava roots.
005	Other root crops	The potato, sweet potato, taro root and root-crops not mentioned elsewhere
006	Beans and nuts	This sector covers beans and nuts of all kinds such as mung bean, castor seed, kidney bean, red bean, sesame and ground nut.
007	Vegetable	Vegetable such as chili, ginger, Chinese radish, onion, shallot, garlic, cabbage, tomato and other vegetables not mentioned elsewhere are included in this sector.
008	Fruits	This sector includes the production of oranges, grapes, durians, rambutans, mangoes, pineapples, water melons, bananas, mangosteens, pomeloes, longens, jack fruits, lychees and other fruits not mentioned elsewhere.
009	Sugar cane	The product included in this sector is sugar cane which was consumed by household and put to industrial.
010	Coconut	Fresh coconut is the main product of this sector. Coconut leaf, coconut fiber, copra and coconut shell are the by-product.
011	Oil palm	Production in this sector combines oil palm and palm lily includes by-product.
012	Kenaf and jute	This sector covers the production of kenaf, jute and ramie.
013	Other crops for textile and matting	This sector includes the fiber and seed of kapok and other fiber crops.
014	Tobacco	Fresh tobacco leaf and seed are the two main agricultural products of this sector. Production is classified into Virginia Barley, Turkish and Native varieties.
015	Coffee and tea	This sector covers the production of all fresh coffee bean, tea leaf and cocoa.
016	Rubber	Latex from the rubber tree is the main product of this sector.
017	Other agricultural product	This sector covers flowers and seed of all kinds, including sunflower seed, ornamental plants, horse tamarind, mint and the like.
018	Cattle and buffalo	This sector covers the production of cattle and buffalo for slaughter, export and breeding. Also included in this sector is fresh milk for dairying.
019	Swine	The only product included in this sector is swine.
020	Other livestock	Goat, sheep, horse, rabbit, crocodile, elephant and others are covered under this sector.

Sector	Name	Description
021	Poultry	This sector covers the production of chickens, ducks and geese.
022	Poultry products	The product covered by this sector is egg derived from raising fowl.
023	Silk worm	This sector includes the products of silk-worm and silk cocoons.
024	Agricultural services	This sector covers the plough services using both animals and tractors.
025	Logging	This sector includes logs of all kinds such as teak, yang, etc.
026	Charcoal and fire-wood	This sector covers the production of charcoal and firewood.
027	Other forest products	Products of this sector are bamboo, bamboo shoot, rattan and other forest products.
028	Ocean and coastal fishing	Covered in this sector are ocean fishing, coastal fishing and coastal fish-cultivation.
029	Inland fishing	This sector covers the activities of both inland fish catching and cultivation.
030	Coal and lignite	This sector includes establishments primarily engaged in mining coal and lignite.
031	Petroleum and natural gas	This sector covers the exploration activities for crude petroleum and natural gas, the drilling, completing and equipping of wells carried out on an own-account basis, and the operation of oil and natural gas wells.
032	Iron ore	This sector includes activities primarily involving the extraction and extraction and dressing and dressing of iron ore.
033	Tin ore	The coverage of this sector includes activities involving in extracting and dressing of tin ore.
034	Tungsten ore	This sector includes activities involved in extraction and preparing tungsten ore.
035	Other non-ferrous metals	This sector includes activities involved in extraction and dressing non-ferrous ore, such as antimony, chromite, columbite, copper, manganese, monazite, tantalite, zenotize, zinc, zircon and lead ore.
036	Fluorite	This sector covers the activities of exploring for and extraction of fluorite.
037	Chemical fertilizers	Covered in this sector are activities related to the mining or other extraction of mineral such as fluorite, phosphate and nitrate mineral.
038	Salt	Covered in this sector are activities related to extraction of rock salt and the production of salt from sea water.
039	Limestone	This sector primarily covers the activity involved in the extraction of limestone.
040	Stone quarrying	This sector covers the activities of stone quarrying, clay extraction, gravel and sand pit operation, clay pit operation, and marble mining.
041	Other mining and quarrying	Excluding stone quarrying, this sector covers activities of mining and other quarrying of produce such as asbestos, calcite, diatomite, dolomite, feldspar, gypsum, marl quartz, silica sand and jewelry stone.
042	Slaughtering	This sector covers the activity of slaughter-houses and products such as fresh meat, pork, chicken and duck. Also included are hides of cattle and buffalo, feathers of chicken and duck, buffalo horns and other by-products of cattle, buffalo, swine, chicken and duck.
043	Canning and preserving of	This sector covers the activity of canning and preserving meat, and the preparation of ham, and sausage.

Sector	Name	Description
	meat	
044	Dairy products	This sector covers pasteurized milk, condensed milk, cream, butter, cheese, margarine and ice cream.
045	Canning and preservation of fruit and vegetables	This sector covers dried and frozen fruits, canned and bottled fruits and vegetables, fruit and vegetable juice, jam, jellies and others.
046	Canning and preservation of fish and other sea foods	This sector covers frozen fish, salted and dried fish and preserved fish.
047	Coconut and palm oil	This sector covers coconut oil. palm oil, coconut cake and palm cake.
048	Animal oil, animal fat, vegetable oil and by-products	The products are lard, animal fat, soy-been oil, cotton-seed oil, kapok-seed oil, sunflower-seed oil, rice-bran oil, other vegetable oil, and their by-products.
049	Rice milling	This sector covers production of husked-cleaned-polished rice, parboiled rice, broken rice, rice bran and rice husk.
050	Tapioca milling	This sector covers milled products of cassava of all kinds such as tapioca flour, tapioca chips and tapioca pellets.
051	Grinding of maize	This sector covers maize milling activities such as the grinding corn, corn cob and other maize products.
052	Flour and other grain milling	This sector covers the activity of flour and other grain milling.
053	Bakery products	This sector covers all bakery products such as bread, cake, pies, crackers.
054	Noodles and similar products	Covers in this sector are noodles of all kinds such as yellow noodles, white noodles made from rice flours, spaghetti, macaroni, etc. Also included in this sector is the production of instant noodles.
055	Sugar	This sector covers and refined sugar made from sugar-cane and coconut tree as well as the by-products of sugar such as syrup, molasses and bagasse.
056	Confectionery	Candies, chocolate, chewing gum and other confectioneries are covered by this sector.
057	Ice	Ice is the sole product of this sector.
058	Monosodium glutamate	Monosodium glutamate is covered in this sector.
059	Coffee and tea	This sector covers the activities involved in the processing of coffee and tea. The productions covered by this sector are coffee and tea powers, instant coffee and tea as well as roasted coffee beans and tea leaves.
060	Other food products	This sector includes soy sauce, bean curd, fish sauce, vinegar, salted and fermented eggs, spices, table salt, other sauces and other prepared food.

Sector	Name	Description
061	Animal feed	Covered in this sector is the production of all kinds of animal feed such as chicken feed, fish meal.
062	Distilling and spirits blending	This sector covers brandy, liqueurs and wine.
063	Breweries	Malt and beer are included in this sector.
064	Soft drinks and carbonated water	This sector covers soda water, carbonated fruit drinks, distilled water and the other soft drinks.
065	Tobacco processing	This sector covers the activities of tobacco-leaf processing. Only dried tobacco-leaf is included in this sector. There are four kinds of dried tobacco-leaf, i.e., Virginia, Burley, Turkish and Native.
066	Tobacco products	This sector consists of cigar, cigarettes, cut tobacco and chewing tobacco.
067	Spinning	This sector includes cotton, synthetic silk yarn, spun, short and long synthetic staple. Excluded from this sector are yarns from jute and kenaf.
068	Weaving	Covered in this sector are cotton fabrics, mixed-cotton fabrics, synthetic fabrics and silk fabrics. Jute and kenaf fabrics are not included here.
069	Textile bleaching, printing and finishing	This sector covers the activities of printing, bleaching and finishing textile.
070	Made-up textile goods	This sector covers all textile processed products not classified elsewhere. Products included are household textile furnishing materials, textile bags, canvas products, lace and lace products, textile-coated fabrics, felt and felt products and textile wadding material.
071	Knitting	Covered in this sector are knitted fabrics and products from knitted fabrics. Knitting products made directly from yarn such as stockings are also included.
072	Wearing apparel	This sector covers the products of wearing apparel and allied clothing produced in factory, except woven products such as handkerchiefs, neckties, shawls and veils. Excluded are all kinds of wearing apparel made by tailors.
073	Carpets and rugs	This sector covers only the products of carpets and rugs made from textile materials. Carpets and rugs from straw or material other than textile were not included.
074	Jute mill products	Covered in this sector are products made from kenaf and jute. Other products included are yarn and fabrics of kenaf and jute except for those used in gunny bags. However, fishing nets made from materials of all kinds are included in this sector.
075	Tanneries and leather finishing	The tanning and finishing of animal leather and skin are included in this sector. Excluded are all kinds of artificial leathers.
076	Leather products	Leather and artificial leather products are covered in this sector.
077	Footwear, except of rubber	This sector covers footwear made of leather, fabrics and other materials. It excludes that wholly made of wood or moulded rubber or plastic.

Sector	Name	Description
078	Saw mills	This sector covers sawn timber and other wooden construction materials such as plywood and chip board.
079	wood and cork products	Except for furniture and fixtures, this sector covers products made from wood, rattan and bamboo such as wooden boxes and containers. Also included are handicraft utensils, articles and parts of equipment which can be commonly installed in different kinds of equipments.
080	Wooden furniture and fixtures	This sector covers all kinds of furniture and fixtures except those made of metal.
081	Pulp, paper and paperboard	This sector covers pulp, paper and paperboard.
082	Paper and paperboard products	This sector included all kinds of paper and paperboard products such as paper boxes, book covers, writing-pads, envelopes, labels, paper bags and sanitary paper. Publishing house production such as books magazines and newspapers are not included.
083	Printing and publishing	This sector covers printing activities by one or more of the common processes such as the use of the letter-press, lithographing, offset printing and bookbinding. Also included are the publishing of newspapers, periodicals, books and maps.
084	Basic industrial chemicals	This sector covers the manufacture of basic industrial chemicals such as hydrogen, oxygen, nitrogen, chlorine, sulfur and other chemical elements; inorganic acids and other oxygen compounds of metalloids such as hydrochloric acid, sulfuric acid, nitric acid and carbon dioxide; inorganic bases and metallic oxides such as ammonia and caustic soda; salts of inorganic acids such as aluminum sulfate, potassium nitrate, soda ash, sodium silicate and calciumhypochloride; carbides; and organic chemicals such as methylalcohol, polyhydric alcohols, esters of polyhydric alcohols, acetic acid and aldehydes.
085	Fertilizer and pesticides	The products of this are urea, ammonium sulfate, phosphate, chemical fertilizer, organic fertilizer, pesticides and insecticides.
086	Petrochemical products	This sector covers the activities involved in the processing of petrochemical. The productions covered by this sector are upstream production such as Ethylene, Propylene; intermediate production such as Vinyl chloride monomer, Styrene monomer and downstream production such as Polyvinyl chloride, Polyethylene, etc.
087	Paints	This sector covers the manufacture of paints, varnishes, stains and shellac, lacquers, enamels and japans. Also included are the manufacture of allied products such as composite thinners, paint removers, paint brush cleaners, putty and other coating and filling material. Dyes, organic and inorganic pigments are not included.
088	Drugs and medicines	This sector includes the production of drugs and medicines in all forms such as tables, capsules, powder, syrup and liquids for injection. Traditional medicine such as herbs is also included.
089	Soap and cleaning preparations	This products includes in this sector are soap, detergent, shampoo, glycerine and toilet preparation.
090	Cosmetic	This sector includes the production of perfumes, cosmetic, hair cream, toothpaste, talcum powder and deodorant.

Sect or	Name	Description
091	Matches	This sector covers matches of all kinds.
092	Other chemical products	Included in this sector are the manufacture of chemical products such as furniture and metal polishes, leather polishes, waxes, adhesive and glues, candles, inks, carbon black and essential oil. Also included are tanning and dyeing material such as natural indigo, vegetable dye, tanning agents and inorganic pigments. Wood chemicals such as gums and incense products such as joss sticks are also covered.
093	Petroleum refineries	This sector covers oil-processing refineries. The products of this sector are gasoline, jet oil, LPG, asphalt, paraffin, sulfur, kerosene, diesel and fuel oil.
094	Other petroleum products	This sector covers refined oil, refined grease and lubricating oil
095	Rubber sheet and block rubber	This sector covers rubber sheets, block rubber, crepe rubber and other processed rubber.
096	Types and tubes	This sector covers all types and tubes such as those for passenger car, truck and bus, tractor, motorcycle and bicycle.
097	Other rubber products	This sector covers the manufacture of rubber products not classified elsewhere such as rubber raincoats, rubber gloves, rubber bags, rubber mats, rubber toys, rubber bands, rubber hose and tubes, rubber bottles and rubber sponges.
098	Plastic ware	This sector covers the moulding, extruding and fabricating of plastic articles such as plastic household articles, plastic containers and cups, plastic mats, laminated sheets. Also included are plastic components for insulation, plastic furniture, and plastic industrial supplies.
099	Ceramic and earthen ware	The sector covers pottery, ceramic and earthenware for industrial and construction use. Sanitary supplies are also included.
100	Glass and glass products	This sector consists of window flat glass, bottles, drinking glasses, lamp chimneys and other.
101	Structural clay products	This sector covers bricks, tiles pipes, refractory bricks and other similarly structural clay products.
102	Cement	This sector consists of portland cement, white cement and lime.
103	Concrete and cement products	This sector covers the manufacture of concrete products such as blocks, posts and piles, precast elements for prefabricated construction materials, other reinforced and pre-stressed concrete products as well as Buddha images and spirit houses.
104	Other non-metallic products	Included in this sector are the manufacture of gypsum plaster products, wood-wool board (cellocrete) and other asbestos product. Cut stone products which were not produced in conjunction with quarrying and all other non-metallic mineral products not classified elsewhere are also included.
105	Iron and steel	The sector covers pig iron, ingot, ferro-silicon, ferro-manganese and (by-product of pig iron).
106	Secondary steel products	The products of this sector are galvanized sheet, tin plate, angle bar and rod wire, tube and pipe. Steel forging, steel casting, polished steel are also included.

Sector	Name	Description
107	Non-ferrous metal	This sector covers the activities relating to the manufacture of primary non-ferrous metal products consisting of primary and secondary smelting, alloying, refining, rolling and drawing, founding and casting.
108	Cutlery and hand tools	This sector covers the manufacture of table, kitchen and other cutlery, hand and edge tools such as axes, sickles, shovels, rakes and other agricultural and garden tools, hammers, screw drivers, files and handsaws. Plumbers', masons', mechanics' and machinists' precision hand tools, hinges, locks key sets, builders' hardware and marine luggage and vehicles hardware are also included.
109	Metal furniture and fixtures	This sector covers the manufacture and alteration of furniture and fixtures consisting primary of metal for household, office, public building, transport equipment, professional and restaurant uses.
110	Structure metal products	This sector covers the manufacture of steel or other metal structure components such as bridges, tanks, building structure, doors and screens, window frames and sashes, shutter, staircases, wrought iron gates. Other architectural metalwork such as metal components for ventilating and air-conditioning systems as well as steam and water-tanks are also included.
111	Other fabricated metal products	This sector covers the manufacture of fabricated metal products such as metal cans from tinsplate, enameled sheet metal, metal conveyances, metal shipping containers, metal stamping, fabricates wire and wire products from purchased wire rods (excluding insulated wire and cable). Sanitary ware, plumbers' brass good, pipe fittings, enameling, lacquering, galvanizing, electroplating and polishing metal products and a variety of metal products not classified elsewhere are also included. In addition, the sector covers common machinery part such as bearing an spring, except specialized parts for motor vehicles, aircraft and ships which belong to their respective machinery sectors.
112	Engines and turbines	This sector covers the assembling of stream engines, other engines and turbines. Also included are the parts and repair of engines and turbines.
113	Agricultural machinery and equipment	This sector covers the assembling of cultivating machines and equipment, sawing and planting machines, harvesting machines and equipment. parts and repair of agricultural machines and equipment.
114	Wood and metal working machines	This sector covers the activities relating to the assembling of wood and metal working machines such as sawing machines, and the parts and repairing of such machines.
115	Special industrial machinery	This sector covers all kinds of industrial machines except those used for wood and metalworking, agricultural machines as well as electrical machines. Machinery included in the sector is for example, construction and mining machines, food and chemical machines, leather and textile machines, etc. Also included in this sector are pneumatic tools, carrying and loading equipment such as cranes, forklifts and loading trucks, etc. Parts of such machinery and their repair are also included.
116	Office and household machinery and	This sector covers the assembling of office and household machinery and appliances such as air conditioners, refrigerator, freezers, water cooler, sewing machines, typewriters, electric calculators and all parts. Since the repair of them are not covered in this sector.

Sector	Name	Description
	appliances	
117	Electrical industrial machinery and appliances	This sector covers the products of electrical industrial machinery and appliances such as generators, transformer, rectifiers, motors, electrical hand tools, electrical motors, electrical welding machines and other electrical machines. Parts for these machines are also included.
118	Radio, television and communication equipment and apparatus	This sector covers the assembly of radios, television sets, tape and cassette recorders, stereo components, telephone and other communication equipment. Also included are their parts but repairing is excluded.
119	Household electrical appliances	This sector covers the production of household electrical appliances such as electric stoves, electric iron, electric fans, rice cooker, toasters, food mixers and all their parts.
120	Insulated wire and cable	This sector covers the production of insulated wire and cable.
121	Electric accumulators and batteries	This sector covers the production of batteries and dry cells. Parts such as lead plate are also included.
122	Other electrical apparatus and supplies	This sector covers electrical apparatus and supplies not classified elsewhere, such as electric bulbs, and related light sources. Other products included are conductors, fuses, connectors, etc.
123	Ship building and repairing	Covered in this sector are the building and repairing of ship, boat and other water transport vessels. Parts for these vessels are also included in the sector.
124	Railroad equipment	This sector covers the production of railroad passenger cars and wagons. The parts and repairs of such equipment are also included in the sector.
125	Motor vehicles	This sector covers the production and assembly of motor vehicles. The products included are passenger cars, trucks, vans, pick-up, buses and the chassis and parts of such vehicles.
126	Motor vehicles	The products of this sector are motorcycles, tricycles, bicycles, carriages and parts for such products.
127	Repair of motor vehicles	This sector covers automobile and motorcycle repair of all kinds.
128	Aircraft	This sector covers only aircraft repairing.
129	Scientific equipment	The sector covers measuring equipment, medical equipment and the parts and repairs of such equipment.
130	Photographic and optical goods	This sector includes optical goods, spectacles, telescopes, astronomical instruments, microscopes, projectors, cameras, photo copying apparatus and parts for these products.
131	Watches and clocks	This sector covers the production and assembly of clocks and watches.

Sector	Name	Description
132	Jewellery and related articles	This sector covers activities primary related to the manufacturing of jewellery using precious metals, precious and semi-precious stones and pearls, silverware and plated ware using silver, gold and other precious metal plating. The cutting and polishing of precious stones and the making of coins and medals from precious metal are also included.
133	Recreational and athletic equipment	The products in this sector include musical instruments, music recording, footballs, golf balls, badminton rackets, boxing gloves and other recreational and athletic equipment.
134	Other manufactured goods	This sector covers the products that have been excluded from the manufacturing sectors by code 042 to 133. The main products of this sector are stationary, toys, umbrella, zippers, buttons, fasteners, etc.
135	Electricity	This sector covers the generation, transmission and distribution of electric for sale to household, industrial, commercial and public users. Electricity generation plants owned by manufacturing enterprises for their own use are also included.
136	Pipe line and gas distribution	This sector covers gas distribution such as LPG, ethane, propane, natural gasoline (NGL).
137	Water work and supply	This sector covers the activities related of the purification and distribution of water to household, industrial, commercial and public users. The operation of irrigation system is not included in this sector.
138	Residential building construction	This sector covers the construction of new building for residential purposes such as homes, sop houses, apartment and dormitories. The activities of extending, repairing, painting and decorating buildings as well as the installation of electricity and air conditioning systems are also included. Excluded from this section is the cost of acquiring land.
139	Non-residential building construction	This sector covers the construction of new non-residential building such as business building, factories, hotels, school, hospitals, and warehouse as well as related activities of extension and repair. Excluded are the constructions of railway station, power station or communication plants.
140	Public works for agriculture and forestry	This sector covers the construction and extension of irrigation works for agriculture and forestry. Only new construction is included.
141	Non-agriculture public works	This sector covers the construction and repair of highway, streets, roads, bridges, airports, water supplies and sewage systems.
142	Construction of electric plants	This sector covers the construction and repair of electricity generating plants and transmission systems.
143	Construction of communication facilities	This sector covers the construction and repair of broadcasting and communication systems such as radio station, town telephone installation and other facilities.
144	Other construction	This sector covers the construction work not classified elsewhere such as the construction of public parks, parking lots, golf courses, tennis courts, swimming pools and athletic fields of all kinds.

Sector	Name	Description
145	Wholesale trade	This sector includes establishments for the re-sale of new and used goods to retail, industrial, commercial, institutional and professional outlets, as well as for other wholesale uses. Agents engaged in buying or selling merchandise are also covered in the sector. The principal type of business included are wholesale merchants engaged in own-account buying and selling, industrial distributors, exporters and co-operative buying associations and sales offices maintained by mining or manufacturing enterprises for the purpose of marketing their products. Also included are co-operative associations engaged in the marketing of farm produce, scrap metal and waste dealers, junk yards, wholesalers who sort and grade goods in large lots wholesale packers, bottling companies except those engaged in packing or bottling in airtight containers.
146	Retail trade	This sector included establishments engaged in the sale to the general public of new and used goods for personal or household consumption. Retailing establishments include shops, department stores, stalls, gasoline service stations, retail motor vehicle dealers, peddlers, consumer co-operatives, and auction houses. Included also are own-account retailers who act as agents, buying and selling on consignment or on a commission basis. Establishments engaged in selling displayed merchandise such as typewriters, stationary and petrol to the general public are classified in this group though these goods may not be for personal or household uses.
147	Restaurants and drinking places	The sector includes establishments engaged in selling prepared food or drink for immediate consumption such as nightclubs, restaurants, bars, coffee shops, etc. Also included are canteens and eating facilities in plants and offices. Restaurants operated by hotels and massage parlors for the general public are also included. Peddlers of food and noodle stands are also covered in this sector.
148	Hotels and places of lodging	This sector includes establishments engaged in the provision for fee of lodging and camping facilities, whether open to the general public or restricted to members of a particular organization. Related restaurant facilities operated for the purpose of serving the establishment's customers are also included.
149	Railways	This sector covers the service related to the transportation of both passengers and cargo. Also included are dining car services. Since the repair of railway equipment is not covered in this sector.
150	Road passenger transport	This sector covers only the transport of passengers by taxicabs, buses, inter-city buses and other vehicles such as tricycles. Private vehicles for personal transportation are excluded.
151	Road freight transport	This sector covers local and long distance trucking. Also included are such services for one's own business purposes.
152	Land transport support service	This sector includes all land transport support services such as the operation of parking lots, toll roads rental of automobiles and self-driven trucks.
153	Ocean transport	This sector covers the ocean transport of both passengers and freight.

Sector	Name	Description
154	Coastal and inland water transport	This sector refers to the operation of freight and passenger vessels along various parts of the coast of Thailand. Those operated on inland waterways, river ferries and tugboats are included.
155	Water transport services	Included in this sector are the provision of supporting services for water transport of all kinds such as the maintenance and operation of harbors, docks, lighthouses and other navigation aids, loading and unloading services, the salvaging of vessels, ship leasing and rental. Included in this sector are the activities of the Port Authority of Thailand.
156	Air transport	The transportation of passengers and freight by air by regular services or by charter are covered in this sector. The operation of airports, landing fields and navigational facilities such as flight control centers, radar stations and the rental of aircraft are also included in the sector.
157	Other services	This sector covers the activity of establishments engaged in providing travel information and arranging tours and transportation for passengers. The activities of establishments engaged in cargo transportation are also covered.
158	Storage and warehousing	This sector covers the operation of storage facilities and warehouse. Silo services for drying maize are also included.
159	Post and telecommunication	This sector covers the services of central and provincial offices of the Telephone Organization of Thailand. Construction and radio-communication activities of the Post and Telegraph Department are not included.
160	Banking services	This sector covers all activities of monetary and financial institutions. Included are the central bank, commercial banks, development banks, saving bank, rural banks, pawnshops, credit cooperatives and foreign exchange dealers.
161	Life insurance services	Life insurance is defined as the activities of life insurance institutions and related services.
162	Other insurance services	This sector covers all insurance other than life such as fire, accident, marine and health insurance.
163	Real estate	This sector covers the activities of real estate agents and brokers
164	Business services	The sector includes service such as accounting, auditing and book-keeping services, data processing and tabulating services, engineering, architectural and technical services, parliament and the judicial authorities.
165	Public administration	The sector covers the central, provincial and local government, as well as the royal household, parliament and the judicial authorities.
166	Sanitary and similar services	This sector covers the activities related to sanitary and similar services such as garbage and sewage disposal, the operation of drainage systems and the purification of water for consumption. Also included are cleaning services
167	Education	This sector covers all public and education institution at all levels such as kindergartens, primary schools, secondary schools, colleges and universities. Also included are vocational schools and others providing specialized education such as language and painting schools. Research institute, hospitals belonging to universities, as well as education provided neither by government nor household are not included.

Sector	Name	Description
168	Research	This sector includes institutions primarily engaged in basic and general research in the biological, physical and social sciences. Since information on private research institutes in Thailand are not available, only research accomplished by government offices, universities and public enterprises are included.
169	Hospital	Covered in this sector are medical, surgical, dental and other health services. This includes hospitals, sanitariums, nursing homes and similar institution, maternity and child welfare clinics, consulting offices of physicians, surgeons and other medical practitioners such as dentists, the services of midwives and nurses in private practice ambulance service and medical and dental laboratories that provide testing, diagnostic and other service to the medical and dental professions. Activities primary relating to the manufacture of dental supplies and artificial teeth to order are also included.
170	Business and labor associations	This sector includes private business institution such as the Board of Trade of Thailand, the Thai Chamber of Commerce, The Association of Thai industries and professional organizations such as the Engineering Institute of Thailand, labor unions and labor organization.
171	Other community service	This sector includes institution engaged in providing social welfare services such as the Red Cross Society and other organization for the collection and allocation of charitable contribution such as children and societies, dry nurseries, orphanages, home for destitute adults, homes for handicapped person, home for aged, family welfare society and other charitable organization. This section was classified broadly into three types of organizations, namely, Red Cross Society, other charitable organizations and religious organizations.
172	Motion Picture Production	This sector covers the activities relating to the production of motion pictures for showing. They also include both still and slide films. Other related services such as film developing, printing, film editing, titling, copying and distributing of both local and foreign films are also included.
173	Movie theatres	All theatres and movie houses are covered in this sector.
174	Radio, television and related services	Included in this sector are radio and television stations primarily engaged in the production and dissemination of audiovisual programs for the public. The activities of television and radio relay stations are also included in this sector.
175	Libraries and museums	This sector covers the operation of libraries, information centers, archeological and others museums, art galleries, botanical and zoological gardens and similar institutions.

Sector	Name	Description
176	Amusement and recreation	This sector covers the activities of theatres providing theatrical presentation such as classical drama, dance and concerts, entertainment services such as those provided by bands and orchestras and musical recording. This sector also includes the services related to theatrical presentation such as those provided by booking agencies for plays. Self-employed artists and instructors such as actors, dancers, musicians, singer and other entertainers and producers for radio and television programs, motion picture, play and other presentations, composers and song writers, authors, painters and operators of dance halls, bowling alleys, billiard and pool rooms, race tracks, boxing stadiums, football fields, sports clubs, gymnasiums, tennis courts and golf courses, sport promoters, operators, of amusement parks and renters of pleasure boats, motorcycles, golf carts, saddle horses and similar recreation goods are also included in this sector.
177	Repair not classified elsewhere	This sector included establishments specialized in the repair of household appliances, equipment and furnishing, motor cars and other consumers goods which are not classified elsewhere. Also included in this sector are establishments specialized in the installation of household appliances such as stoves and ranges, refrigerators, air-conditioning apparatus and television sets.
178	Personal service	This sector included establishments primarily engaged in washing, ironing, dry cleaning, pressing and dyeing apparel, house furnishing or household fabrics. The repair of clothing, bedspreads, blanket, curtains and other personal and household textiles are also included in this sector. This sector also included the services of maids, cooks, gardeners, caretakers and other maintenance workers for household, whether provided by individuals who are employed by these households or by business units primarily engaged in furnishing these services. In addition, establishments engaged in rendering personal care and services not classified elsewhere such as barber hairdressing and beauty shop, photographic studios, Turkish baths establishments, massage parlors and crematories are also included.
179	Other service not classified elsewhere	This sector included all services that are not covered by other sectors.
180	Unclassified	This sector includes mainly activities not classified elsewhere.
190	Total intermediate transactions	This is the sum of sectors 001 to 180
201	Wages and salaries	This sector covers compensation by employers to employees both in cash and in kind. Employees are classified as long-term workers, temporary workers, temporary workers, executives and hired laborers in the agricultural sector, but not family workers.
202	Operating surplus	The operating surplus is defined as the total value added including business income tax, minus wages and salaries, depreciation and indirect taxes, less subsidies.
203	Depreciation	Depreciation consists of capital consumption allowances for all fixed assets. The imputation of depreciation of government buildings is describe in the public administration sector and that of self-occupied dwellings is in real estate sector. The depreciation on fixed assets for leasing such as computers is shown in the sector of owner of fixed assets for leasing such as computers is show in the sector of owner of fixed assets.

Sector	Name	Description
204	Indirect taxes less subsidies	Indirect taxes cover the domestic commodity sales tax, export duty, licensing fees, service tax of hotels, restaurant and the like, duty stamps and special commodity tax such as those on automobiles, electrical equipment, alcoholic drinks, cigarettes, petroleum products, etc.
209	Total value added	This is sum of all the primary inputs from 201 to 204.
210	Control total	This is sum of total intermediate transactions and value added.
301	Private consumption expenditures	Private consumption expenditures are the current expenditures on goods and service by households and private non-profit organizations. The expenditure also cover the expenditures of Thai nationals abroad as tourists and the expenditures of the family of a foreigner who is working for a private company or a non-profit organization in Thailand.
302	Government consumption expenditure	Government consumption expenditures cover all current expenditures of government for goods and services, including those for the police and military forces. Expenditures of Royal household are also included. However, consumption expenditures of public enterprises which are profit-making are not included.
303	Gross domestic fixed capital formation	Gross domestic fixed capital formation includes fixed assets such as land, buildings, machinery and equipment belonging to households, government and private enterprise except those for military use. Public infrastructure such as roads, dams and power stations are also included. However, installation costs of equipment and machinery are not covered.
304	Increase in stock	Stocks or inventories comprise the followings : finished products stored in producers' factories or warehouses, unused raw materials purchased by producers, semi-processed products and products on processing lines and marketable stocks held by wholesalers and retailers. Stocks kept by households are not included.
305	Export	In the input-output table at purchasers' prices, exports were valued at f.o.b. prices. As for producers' prices, exports were valued by subtracting trade margins and transport costs from f.o.b. process.
306	Special exports	Special exports cover non-merchandised goods and services which are not included in the official export statistics. Item which are included here are freight and insurance related to export, expenditures of foreign tourists in Thailand and related transportation cost, expenditures of foreign government organization, international organizations and families of diplomats, expenditures of foreign military bases, other service charges which are paid by foreigners and estimated smuggling.
309	Total final demand	This is the sum of codes 301 to 306.
310	Total demand	This is the sum of codes 190 and 309
401	Imports	Imports were valued at c.i.f. process plus tariff. However, for valuation at domestic producers' prices, the transport costs and insurance paid by the Thai importers were subtracted in order to avoid double counting. A special treatment was used here. The redundant transport costs and insurance were regarded as special exports and are treated in the special export sector.
402	Import duty	Customs duty on imports is included under this code.
403	Import tax	The Import tax includes both import sales tax and municipal tax on imported.

Sector	Name	Description
404	Special imports	As in the case special exports, special imports are non-merchandised goods and services which are not covered in the official trade statistics, e.g. expenditures of Thai nationals abroad, expenditure of Thai government organizations and of the families of Thai diplomats outside Thailand and estimated smuggling into Thailand.
409	Total imports	This is the sum of codes 401 to 404
501	Wholesale trade margin	Wholesale trade margin is margin of goods from factory toward retail trade.
502	Retail trade margin	Retail trade margin is margin of goods from retail toward household consumption.
503	Transport cost	The transport costs is value of transport goods process from factory toward consumer.
509	Total trade margin and transport costs	This is the sum of codes 501 to 503
600	Control total	This is sum of total intermediate transactions and final demands which indicates the output distribution of the table and is equal to codes 190 + 309 + 409 + 509.
700	Total supply	The total supply is equal to codes 600 – 409 – 509.
